Why would anyone in public office - or any office - want to bring the ugliness of moving billboards to the streets and neighborhoods of Oahu? It would be a travesty of justice and a total disservice to our community to ruin the sides of our buses with any kind of advertising. The Outdoor Circle had the good sense to prevent the ugly billboards that mar the country and cities throughout the mainland to be erected here in Hawaii and you should respect their effort.

Please don't let this Bill 69 get passed! There are other intelligent ways to make money than to threaten the beauty of our Hawaii.

Respectfully,

Marilyn Martinson
